Responsibility & background

Municipality is responsible for 'clean, whole and safe'

Our public space teams take care of our public space, a.o.:

- landscaping (grass, trees, shrubs, planting)
- pavement (repair of unsafe situations)
- litter in public space-limited capacity (not general waste collection)

More capacity on litter waste was desirable Reward program for non-profit organisations was desirable

We designed a litter waste program for non-profit organisations > Schoon Belonen Heerenveen! (since 2020)

Communication participants

#schoonbelonenheerenveen

Met een enthousiaste groep suppers en landrotten hebben we vanmorgen "voorjaarsschoonmaak" gehouden. Ondanks een bui zijn de tekenen van voorjaar duidelijk waarneembaar. Zelfs de eerste jonge ganzen zijn al gespot. ledereen die heeft meegeholpen heel erg bedankt. In mei hopen we jullie weer te mogen begroeten.
